

Coronavirus

As everyone is aware the Coronavirus is forcing everyone to make drastic changes to the way we go about our daily lives; from shopping to going to working. This virus can be discriminative to the older generation and the most vulnerable, but not all the time. RP have set out exciting new plans to encourage inclusion during these difficult times. Using various methods of IT we are continuing to support individuals that want to keep studying, no matter where they live. Remote learning is proving a winner, keeping individuals engaged while allowing them to gain their qualifications, even if it's not in a classroom environment.

Easter

Christians celebrate Easter Sunday as the day of Jesus Christ's resurrection, which is written in the New Testament of the Christian bible. ... The name Easter is believed to come from Eostara, the goddess of rebirth. In early times the Feast of Eostara celebrated earth's resurrection and rebirth.

Like many other countries in Europe, Easter is recognised as the crucifixion and resurrection of Jesus and it also coincides with the coming of spring. In Germany, trees are decorated with embellished easter eggs called Ostereierbaum or Easter Egg Trees. It's also a custom in Austria, Hungary, Poland, Ukraine, Moravia and the Czech Republic.

On Good Friday, the shores and skies of Horseshoe Bay Beach are filled with kaleidoscopic colours because of the Bermuda Kite Festival. It is said that the kites are a celebration of the ascent of Christ. Bermudians also dig into fish cakes when it's Easter.

The Ethiopian Orthodox Church celebrates Easter or Fasika one or two weeks after churches in the West and it is considered to be more important than Christmas. After a 56-day fast that includes following a predominantly vegan diet (no meat or dairy products), families dress in white and gather for a gastronomical affair where they enjoy doro wot (spicy chicken stew), Injera (flat-bread) and honey wine
